

CLAIMS:

The invention claimed is:

1. A recreational vehicle equipped with at least one permanently attached exterior water outlet on a side of the recreational vehicle which is different from the side of the recreational vehicle housing the city water inlet.
2. A recreational vehicle as in claim 1 in which the recreational vehicle is a motorhome.
3. A recreational vehicle as in claim 1 in which the recreational vehicle is a fifth-wheel travel trailer.
4. A recreational vehicle as in claim 1 in which the recreational vehicle is a tow-behind travel trailer.
5. A recreational vehicle as in claim 1 in which the recreational vehicle is a conversion bus.
6. A recreational vehicle as in claim 1 in which the recreational vehicle is a pick-up camper.
7. A recreational vehicle as in claim 1 in which the recreational vehicle is a tent trailer.

8. A recreational vehicle equipped with at least one permanently attached exterior water outlet is separated from the city water inlet by not less than one meter and separated from the sewage outlet by not less than one meter.
9. A recreational vehicle as in claim 8 in which the recreational vehicle is a motorhome.
10. A recreational vehicle as in claim 8 in which the recreational vehicle is a fifth-wheel type travel trailer.
11. A recreational vehicle as in claim 8 in which the recreational vehicle is a travel trailer other than a fifth-wheel type travel trailer.
12. A recreational vehicle as in claim 8 in which the recreational vehicle is a conversion bus.
13. A recreational vehicle as in claim 8 in which the recreational vehicle is a pick-up camper.
14. A recreational vehicle as in claim 8 in which the recreational vehicle is a tent trailer.

15. A recreational vehicle as in claim 8 in which at least one said exterior water outlet is equipped with a drinking fountain.

16. A recreational vehicle as in claim 8 in which at least one said exterior water outlet is equipped with a hose connection.

17. A recreational vehicle as in claim 8 in which at least one said exterior water outlet is equipped with a faucet.
